COD = CUT ON DATE

P+ = PRODUCTION PLUS SHELF LIFE

DOD = DATE OF DELIVERY

The ingredients listed for our products are for description only. The product specification sheets are available upon request from your sales representative.

New items are available on an ongoing basis. Please contact your sales representative or merchandiser for more information.

## THE CHARLIE'S STORY

The Charlie's story begins in 1978 with a truck and three guys who thought they could do better. They were smart, hard-working and had a passion for produce. They had some ideas about how they could raise the bar on quality, inventory and the logistics of how produce moves from where it's grown to where it's enjoyed.

Today, with innovation and technology woven into everything we do, Charlie's has evolved into an independent, full-service produce company focused on sourcing an extensive selection of fruits and vegetables from local growers whenever possible and supplying to our retail and foodservice customers.

Charlie's Produce is constantly searching for ways to improve industry processes and services on behalf of our partners and consumers. We do this by cultivating strong, lasting partnerships and searching for new possibilities in the industry to help everyone achieve their full potential.

With the growing need for more fresh, value-added products, Charlie's Produce established a new state-of-the-art food processing plant. CP Fresh produces made-to-order cut fruits and vegetables. They also prepare fresh sandwiches and a variety of grab & go products. With the increased demand for ready to eat fresh foods, CP Fresh and our processing partners are increasing their variety of popular items that are trending in the food industry.

We are proud to play a vital role in the farm-to-fork journey with relationships, sustainability and forward-thinking as our driving forces. Charlie's is proud to partner with local companies that support this vision and add their unique food creations to the variety of available fresh, made-to-order products.

# QUALITY ASSURANCE

Quality assurance in foodservice has been a cornerstone of Charlie's Produce since the very beginning.

CP Fresh and our local partners adhere to the highest industry standards in food safety.

With complete cold chain integrity and 3-day-or-less delivery turnaround, we guarantee premiere quality, integrity and flavor for all foods to all customers. Our guiding principle has always been, and continues to be, that our customers always come first.

---

## QUALITY ASSURANCE MEANS ADHERING TO HIGH QUALITY STANDARDS IN ALL FOOD PROCESSING FACILITIES:

- Products transported in sealed containers with 24-hour security
- Industry-standards lot coding system utilized on all products for traceability
- Comprehensive recall/crisis management plan and communication system
- Food track alert system in place
- FDA and/or USDA alerts on recalls
- Managed HACCP System (Hazard Analysis Critical Control Points)
- Certified by the Food Safety, Quality and Food Defense Audits
- Top ratings by the Washington State Department of Agriculture (WSDA)
- USDA Inspector on site in facilities that process Ready to Eat products containing proteins

### CP FRESH CERTIFICATIONS ALSO INCLUDE:

- Organic Certification by WSDA in organic facilities

#### **SQF Level 2 Certification**

The Safe Quality Food Institute is recognized by retailers and foodservice providers around the world as the single most trusted source for global food safety and quality certification. We are proud to be SQF certified and align with their mission to deliver consistent, globally recognized food safety and quality certification programs based on sound scientific principles.

#### **PRO\*ACT**

Our PRO\*ACT membership carries a quality stamp. This organization is North America's leading distributor of fresh produce. They source from top national, regional and local farmers, secure agreements with large, national brand chains and provide access to grower/ shipper purchasing. As members, we agree to operate by the same rules and adhere to the same safety programs.

"AT HOME I SERVE THE  
KIND OF FOOD I KNOW  
THE STORY BEHIND."
